BRIDGE

FOR DESIGN

A vertical glass panel is the central focus, reflecting a landscape scene. The reflection shows a bridge over a body of water, with trees and a sky. The panel is set within a dark frame and is surrounded by lush green foliage and a modern garden path with small water jets.

DESIGN INSPIRATIONS

1 Christopher Guy has introduced this beautiful Panache lounge chair. The hand carved feather-like design exemplifies the elegance and flair Christopher Guy designs are known for. With its graceful detail and tailored seat base this chair is a perfect statement piece, equally at home in residential or hospitality interiors.
