BRIDGE FOR DESIGN

A hammock with a patterned orange and white fabric and several decorative pillows (one with a red floral pattern, one with a white and red pattern) hangs in a lush garden. The hammock is strung between trees and has large tassels hanging from the bottom. In the background, there is a green lawn, various plants, and a view of a mountain range under a blue sky. The overall scene is bright and sunny.

THE INTERNATIONAL RESOURCE FOR INTERIOR DESIGN

Villiers are excited to announce the launch of their new catalogue. Inspired and original products have been added to their range of contemporary classics together with an extensive collection of beautiful metal finishes and patinas that can be applied to their metal furniture, mirrors and lighting

If you are still clinging to neutrals, it's time to embrace colour with this sumptuous teal Mackintosh two-seater sofa from Parker & Farr. The fascination with blue continues throughout the design community and the deep bold hue of this sofa is completely on trend. Team it with crisp white for a simple but elegant look. The Mackintosh sofa is made the Parker & Farr way - by hand and to the highest possible standards, using the highest quality materials. It can be customised for a bespoke finish too - choose the fabric, feet colour, cushion fillings, detailing and even a different size.
