BRIDGE FOR DESIGN

A photograph of an interior space featuring a vibrant purple wall. In the center, a white, geometric, star-shaped wall sculpture is mounted. Below it, a round, dark-topped table with ornate legs holds several potted plants, including a large terracotta vase with a plant and a smaller one with orange flowers. A wooden chair with a slatted back is positioned in front of the table. The floor is made of light-colored, hexagonal tiles. To the left, a tall, thin plant stands near a white arched doorway. To the right, a large, dried, fish-like object is mounted on a stand. The overall aesthetic is eclectic and bohemian.

ARCHITECTE, a streamlined Art Deco-inspired group, includes a sectional sofa, accent chair and Origami pouf ottoman. Futuristic in spirit, Architecte features a dramatic geometric base that combines tubular wood and metal. The base of the sofa and sectional is two layers; the base amps up the wow factor. Each piece features a rich, grey velvet cover with contrast stitching, angled arms and luxurious ornamental details.
